The Jazz stand is a professional quality music stand with a full range of height adjustment, industry standard stability and a full size music tray with pencil shelf

And yet, as a result of its unique design it folds in three moves into a flat pack no larger than the size of the tray. It does this with no knobs, no finger traps and no hassle; just three easy moves.

*Flat pack to standing in three moves.*

No knobs, no finger traps, no hassle.

# THE *Jazz* STAND

The Jazz stand can be unfolded with its base reversed to enable it to get right up to the chair of the player in front.

A range of mains and battery powered lights is available for the Jazz stand. See separate leaflet.

The Jazz stand gig bag holds a jazz stand and, in a separate compartment, your music and accessories

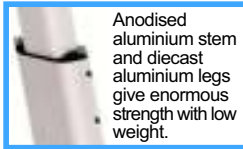

Injection moulded polypropylene tray is virtually unbreakable.

Jazz stands nest next to each other when standing.

When folded, Jazz stands interlock to form an orderly pile

Anodised aluminium stem and diecast aluminium legs give enormous strength with low weight.

Trolley holds 24 Jazz stands.

Rubber feet preserve your floor and prevent clatter

The Jazz stand goes high enough for the trumpeter, yet low enough for the youngest cellist

Height of tray adjustable between 40 and 120cm (16" and 47") measured from the floor to the bottom of the music

Tray size 51 x 32cm (20" x 12½") excluding pencil shelf area

Weight of Jazz stand 2.8kg (6lb 2oz)

Size when folded 51 x 38 x 5cm (20" x 15" x 2")
